STEP 6:

Select the “Collegiate” registration type.
STEP 7:

Fill in the boxes below with your information.

Show Questions

* This symbol indicates a required field.

Degree

Full Registration Non-Members must fill out Degree, University, Graduation Date and Discipline to receive 1 year membership that is included in the registration. If fields are left blank, membership will not be processed.

University

Past or expected graduation date

Discipline
Do NOT enter any information here. This guest registration is for people (for example) that have a significant other (husband, wife...etc.) that they want to bring with them to some of the events and dinners.
You do not have to sign-up for any of these events if you do not wish to attend them. We will pay for the “Celebrate SWE & Closing Keynote”.

I highly recommend attending the “Collegiate Welcome Lunch Break” and the “Women Defining the Future Luncheon” since they are both fun and free, as well as attending the Celebrate SWE & Closing Keynote.
STEP 10: We will not reimburse you for any Technical Tours. You can still sign-up if you want to attend some of the tours and you fly into L.A. early enough, but you’ll have to pay the fee.

Technical Tours
Get up close and personal with innovative technology and engineering organizations that have put L.A. on the map. Technical tours give attendees the opportunity to experience engineering and technology firsthand in the field. Interested participants must be over 18 years old. Only paid conference registrants (excluding guests) may attend technical tours. Technical tours are limited to (1) ticket per paid registrant.

All tour times listed are the actual times that our buses will leave the convention center. Bus pick-up will be noted on your tour ticket, which you will pick up at registration onsite. Plan to arrive 10-15 minutes before tour start time.

Thursday, October 23, 2014
8:30 AM - 1:45 PM
This volunteering job is free, so if you want to be a volunteer you can sign-up. Please keep in mind that this event takes up most of the day, so you might want to check the Tech Talks and other events going on before signing up.

Virtual Conference

Virtual Access Upgrade Upgrade your WE14 conference experience by registering for virtual access. By upgrading your registration, you never have to worry about missing a session! Many of the most popular sessions, including the keynote presentation and plenaries, will be available for replay following the conference. The on-demand recorded sessions along with supplementary materials offers the benefit of listening and studying the materials at your own pace. Each online session will be accredited with CEUs and PDH credits, so if you missed it at WE14 you can watch it later and claim credit.

*Virtual participation access is available for just $19.95 with each full conference registration. This gives you access to 25 recorded online sessions.

Invent It. Build it.

Invent It. Build It. is a Society of Women Engineers, Girl Scouts, WGBH Boston and ExxonMobil Foundation outreach event. Our unique partnership combines the strengths of all four organizations to create a hands-on engineering experience for hundreds of middle school girls, parents and educators.

Check the box below to volunteer for the fourth annual Invent It. Build It. The event will be held Saturday October 26th as part of WE13, from 10a-3p. Volunteers are needed to help with everything from leading middle school girls through projects to the behind the scenes logistics. All volunteers will receive follow up communications with assignments, training dates, and additional details. Visit our Invent It. Build It. page for more information.
